

Dual WAN Router that Works

Double Bandwidth

Double Reliability

Ease of Use

Balance 20L

Peplink Balance 20L provides a cost-effective solution to enhance bandwidth and increase the Internet reliability at home and home office (SOHO).

The Balance 20L allows the combination of two separate broadband connections, which is extremely easy to set up. It assures better bandwidth for everyone to surf the net at the same time without losing speed.

“Best of the Bunch”

- Joe, Dual and Multi WAN Router Review

Double your fun with faster websites, faster downloads and better gaming.

Ease of use. No other dual-WAN router offers the innovation and simplicity of Peplink Balance.

Link Aggregation & Automatic Failover

- ▶ Enhances throughput by combining common types of Internet links, such as Cable and DSL.
- ▶ In case of a link failure, Balance 20L automatically re-routes traffic to a healthy link, Internet suddenly becomes rock solid.

Easy Configuration

- ▶ A web-based administration user interface simplifies configuration. Settings can be changed and activated without system reboot.

Stateful Firewall

- ▶ Provide a rule-based firewall that supports an unlimited number of rules.

Per-service Load Balancing

- ▶ Distribute outbound traffic over the available Internet links that can be independently configured according to protocol and port number.

Session Persistence / Binding

- ▶ Support Internet services, such as secure web, that require clients to maintain the same IP address throughout a session.

Multiple WAN IP and Subnet Support

- ▶ Support for multiple Internet IP addresses from each ISP, so that services continue to be available in event of a link failure.

About Peplink

Peplink is the proven market leader in delivering Internet link load balancing solutions. Headquartered in Hong Kong, Peplink's products have been deployed by service providers, public safety agencies, city governments and enterprise customers around the world. As an innovative creator of technology solutions, Peplink operates globally with offices in North America and Asia in cooperation with distributors, system integrators, ODM (Original Design Manufacturer) partners and strategic alliance partners.

Functionality and Compatibility

LAN	<ul style="list-style-type: none">• Built-in DHCP Server for LAN Clients
WAN	<ul style="list-style-type: none">• DHCP, PPPoE, GRE, and Static IP• Outbound Link Load Balance
Routing	<ul style="list-style-type: none">• NAT and IP Forwarding• Configurable Static Routes
Security	<ul style="list-style-type: none">• Compatible with IPSec and PPTP VPN• Rules-based Stateful Firewall, with IP Address, Protocol, and Port filtering• DMZ (Demilitarized Zone)
Device Management	<ul style="list-style-type: none">• Wizard & Menu Driven Web-based Administration Interface over HTML SSL• Remote Reporting• Configuration Upload and Download

Hardware Specifications

WAN Interfaces	<ul style="list-style-type: none">• 2 Fast Ethernet Ports
LAN Interfaces	<ul style="list-style-type: none">• 4-Port Fast Ethernet Switch
Universal AC Power Adapter	<ul style="list-style-type: none">• 100-240V
Power Consumption	<ul style="list-style-type: none">• 3.1W (Max.)
Certifications	<ul style="list-style-type: none">• FCC, CE

Form Factor, Appearance, and Miscellaneous

Dimensions	<ul style="list-style-type: none">• 243W x 159D x 32H (mm)• 9.57W x 6.25D x 1.26H (inches)
Weight	<ul style="list-style-type: none">• 550 grams / 1.2 pounds
Rear Panel	
Operating Environment	<ul style="list-style-type: none">• Temperature: 0°C – 50°C / 32°F – 122°F• Humidity: 10% – 90% (non-condensing)
Miscellaneous	<ul style="list-style-type: none">• Kensington Lock Interface
Warranty	<ul style="list-style-type: none">• One-year Limited Warranty
